Ἀγαπητέ μου φίλε!

Καὶ ἐδῶ ἐν μέσῃ τῇ μεγάλῃ ἀναταραχῇ τῶν ἐκλογῶν ἡ ἀγάπη σου πρὸς τὴν ἑλληνικὴν γλῶσσαν καὶ τὰ γράμματα ἐνεφανίσθη ὡς ἐν ἀστραπῇ καὶ ἐμεταμόρφωσε τὴν ἀνάγκην τῆς ἐκλογῆς εἰς ἀνάγκην ἀναγνώσεως τοῦ Ὁμήρου. Ἐγὼ ἐνόμιζα ὅτι μετὰ τὴν ἑλληνικὴν γραμματικὴν τοῦ Κοραῆ καὶ τὴν ἀνάγνωσιν τοῦ Ξενοφῶντος ἐτελείωσε τὸ ἔργον μου καὶ ἐπροσπάθουν νὰ ἐπιστρέψω εἰς τὰ μαθηματικὰ καὶ τὴν φυσικήν. Ἀλλὰ τὸ ἀκατανόητον τῆς ἐκλογῆς μὲ ἐπανέφερεν εἰς τὴν ἀρχαίαν ἑλληνικὴν γραμματικήν. Ἐπῆρα λοιπὸν τὸν Ἀλεξανδρινὸν τύπον τῆς Ἰλιάδος καὶ ἐκάθησα νὰ ἀναγνώσω τὸ πρῶτον βιβλίον. Ἐκεῖ ἐσταμάτησα ἐπὶ τρεῖς ἡμέρας, διότι ἐνόμισα ὅτι ἔπρεπε νὰ ἐξετάσω τὴν ἀξίαν τῶν γραμμάτων, τὰ ὁποῖα ἐχρησιμοποίησεν ὁ ποιητὴς διὰ νὰ ἐκφράσῃ τοὺς ἤχους καὶ τὰς φωνὰς τῶν ἀνθρώπων καὶ τῶν ζώων. Ἐπῆρα λοιπὸν τὸ ἀλφάβητον καὶ ἔβαλα ἀπέναντι ἑκάστου γράμματος τὸ ὄνομα τοῦ ἤχου, τὸν ὁποῖον ἐκφράζει. Ἔτσι ἔχω τὸ ἑξῆς ἀλφάβητον:

Ἐκάθησα δὲ πάλιν τὴν 16 τοῦ τρέχοντος μηνὸς καὶ ἀφοσιώθην ὁλόψυχα πρὸς τὸν ἀναγνωστὴ Ἀλέξιον τὸν Ἀγιόπουλον, ὅπως μοῦ ἐπέτρεψε τὸ ὀλιγόωρον διάλειμμα τῆς ἐκλογοσύνης καὶ ἀπροσθέτως ἐφρόντισα. Ἐπῆρα τὸ ἀλφάβητον καὶ ἔβαλα ἐνώπιόν μου τὸ βιβλίον τοῦ Ὁμήρου εἶναι ἡ ἀλήθεια, ἀλλὰ κατ' ἀρχὰς ἐδυσκολεύθην ἀρκετὰ διὰ τὸ ἀκόλουθον ἐγεννήθη καὶ ἔτσι ἀρχίζομεν, κατὰ τὸν ἀλφάβητον τάξιν:

Dear Sirs!

I wrote you on the 29th ult and should thank you to send me a copy of your letter of the 22nd ult. I never received.

You shall me by winter my engagement Jan 1st by a forced sale not being more than 1/3. Perhaps you could advise me what you would now be able to obtain for the Black and for the Peko Tea? If you have any particular reasons to expect higher prices I think there is no use to hold on any longer. The general thing I always found that the first offer was the best.

Can you yield to pay ... per cent interest for money as I provide I suppose you can do it very well. Indeed since you have always plentiful occasion to discount the most highest bank notes.

I am,

Dear Sirs

Yours very truly

Votre ordre d'hier vient de me parvenir et je vous remercie beaucoup pour l'affectueuse
que vous me témoignez à ce sujet. Je regrette
de ne pouvoir [illegible] mais comme vous le
comprendrez facilement je désire toujours préférer
voyager par le trajet des italiens, tout en m'efforçant
d'aller par le trajet qui me mènera le plus vite
à Venise. Il y a encore quelques villes dans
villes. Comme vous me [illegible] dans chacune
si je vous avais [illegible] à Turin et à Marseille et

temps les frais [illegible] payables à Turin,
Votre dévoué [illegible]
Grand Hôtel de [illegible]
Mille pardons [illegible]

[illegible] I can at all times readily [illegible]
[illegible] without a loss. It is shameful to think
of such an economic [illegible] to withdraw money from Russia
and to invest it in South-America's wilderness. Alas!
alas! there is nothing else to be done. In regular business
in Russia the merchant goes with the stream and his
capital increases in the same proportion as the current
coin's intrinsic value gets depreciated. But having retired
from active mercantile pursuits, I cannot afford to
submit to depreciations or losses on permanent investments.
When you remit [illegible] me after the 15th June o. St. I should
thank you to give the preference to our old friends Rougemont
& Co. I have of course nothing against it if you wish to
deal through another banker. Pray have you taken Wells
& Fraser, Clarke & C., Anderson Clay & Co. Parish & Co
& Rowan bankers; Wm Watts & Co are very safe even
if they have an Irish-heart; but some thing but
colonial should not like to take too much of it, whereas
on London bankers I would take any amount from Rs. 10.
I see I am to lay in the Cologne papers that the Hospitaller
government is going to put up for public competition
a great part of real-estate property (Domänen) in
Lithuania Ukraine, Podolia and Volhynia on account
of treason or insolvency of the proprietors. There is
no doubt that those estates will be sold at ridiculously
low prices. I should feel greatly obliged to you indeed
if you would kindly give me by return of post your
opinion: whether you think it advisable to me to acquire
such landproperty? I think that in the government-
sections above alluded to I could buy for 60 or 80 Rs
tracts of beautiful land surpassing in extent Yorkshires
in England and Germany [illegible]

and I shall certainly not lower that scrip.
If you hold Turnis-obligations you have as yet no reason
to be alarmed. Mind the country had no foreign debt be-
fore, and the Orange-loan appeared to the Dey (Boy) a burden
the more onerous as it was uncommon; the former low
tax of capitation offered for the service of this loan was
more than sufficient for the payment of the interest and for
the amortisation in 15 years, but the Dey wanting to free
the country from debt in a few years induced him very
unpolitically to double the tax of capitation at once in the
beginning of this year; this increased tax and the dilapi-
dations of the minister of finances, who appears to get rich
too fast, is the sole reason of the revolution. The insurgents
proceed with much order, and their pretentions appear to
be but just; they require the reduction of the tax to the
former rate and the destitution of the ministers and fur-
ther the abolition of the Constitution. Why a letter was
obscenious and unpopular, and what rights and restrictions
it gave and contained — all that, and all other particulars
which might interest you, I shall give you in a detailed
exact from Turnis; I shall, as I said, go to the interior
of the country and gather all possible information and
if — against my expectation — I find that there is the
least risk for holders of obligations, then I shall sell
at once "à tout prix" at Marseilles and Paris. For this
reason I wish to leave my bonds on deposit where they are
until my return from Turnis and, if I find there that
they are a first rate security, then I bring them myself to
you for safekeeping. Messrs Kellweger & Co wrote me on
Saturday that they bought on last Friday by order
some Turnis-obligations at Marseilles at 465 and
462½, whilst in Paris they found no sellers under 5%

Messrs J. Henry Schroder & Co
London

Dear Sirs!

I am in receipt of your esteemed favour of 3d inst. covering a/c of your Mr Peruvian bonds sold to Peruvian for all the valuable and interesting information you have been kind enough to give me therein I beg to accept my warmest thanks.

I accept your kind proposal regarding the investment of Interest on deposits and shall therefore abstain from further purchases of bonds for the present; should however any favourable investments at present rates of interest offer please give me prompt information thereof & how I could with the Peruvian and then to withdraw any time if required. But if nothing particular turns up you will only see me after the 15th June.

I have mutual friend Mr Robert Miller, the broker, in London told me last winter that he would buy my Cuban bonds if I could get them at 95 per cent but that he would not pay more; so you would no doubt be able to write to him and to request him to give you a standing order; I can also write to him on the subject, since he would perhaps think that I have an arrière pensée, or a direct interest in the matter.

The London Times reports transactions in Peruvian bonds at 94 per cent I have therefore no doubt that you could buy at that rate with a limit order of the Peruvian

to you, since they are now more than 10 pct below those at which you purchased for me in January 1863 and at which the Tea was at that time quite a bargain.

Pray advertise immediately the sale of the 23 or 33 Black and 77 Pekoe and give out samples. I shall be glad to learn the result before my departure.

I am sorry I did not buy Confederates at 30 & sell them now at 65, but that would have been speculation and if I had speculated I might have been successful a hundred times over. We shall now see the Confederates will finally do.

Yours

I wonder if the interest and the drawn bonds has been
paid on monday last? I have no information on the
subject. The Steamer from Marseilles to Tunis stops
at Nice and Spezia and requires five 6 days, whereas
I think I can reach Tunis much quicker by way of
Genoa and Malta. Englishmen are great travellers,
and I have no doubt you can tell me exactly on
what day I have to leave Genoa for Malta, in order
to reach La Valetta just in time for the Tunis boat?
But the information must be quite reliable, because
it would be very awkward to wait a week at Malta.

Pray, send me for Messrs E. Erlanger & Co of Paris a
letter of introduction, in which you request them to give me
letters of introduction to the Bey of Tunis and to as many
other great folks there if they can, because such letters
would admirably serve my purpose and might possibly
save me from great dangers and difficulties, into which
my curiosity and my passion for antiquities might bring
me. Please write them that, in case I want a Credit
for I have for my travelling expenses they might furnish it
me, and tell them in your letter to them that we are
old friends.

Pray, take note that I intend to start, from here
on the 25th inst, but I am ready to leave some days before
if necessary, to come in time for the steamer for Tunis.

With the Sea it is time to terminate and I would
suggest that you for mutual sake put up the public
competition 20 or 30 £ Black Sea Bonds and 7/8 Loan
Poker and sell same without reserve; if then you
obtain 1/2 or more for the Bonds and 3/4 or more
for the Poker, then please pursue the same course
with the remainder of the Lot, otherwise give notice
to me, that I cease endeavours to sell the same until

Monsieur Comte de Schlieben

J'ai l'honneur de vous accuser la réception de votre estimé du 22 passé, dont j'ai pris le contenu en règle.

L'envoi d'un acheteur à Nishninovgorod vous donnerait trop d'embarras et je vous prie donc de remettre la traite de change protestée de Paskiewitz de R. 807.43 à Jachas Jourchon. Je la donne, en recommandant à ce dernier de faire tout son possible pour obtenir le payement.

and Mexican. I wish. But all the aforesaid funds are in Sterling and dealt in on your Exchange and you are no doubt well acquainted with the character and history of all of them, therefore excuse me if I make free to ask you your candid opinion about them; what does the indebtedness of each of those countries amount to? when were the various loans negotiated and at what rate? how is the amortization stipulated for? what provisions are made for the service of the loans? had I better buy 4½ or 5 per Cents? If for instance you buy and hold for me: Chartis 4½ per £7500
Do 5 " " 7500
Peru 4½ " " 10.000
Chili 4½ " " 5000
Buenos Ayres 6 " " 3000
Spanish 3 " " 5000
Swedish 4½ " " 10000
Egyptian 7 " " 20000
do you feel assured that you would be able to resell such amounts at any time without any difficulty? or which of those funds might be of more difficult sale? do you think it right that the Capital should be divided in the above proportion? or of which would you take more and of which less? Pray, do not write of russian funds, for I shall not touch them.

In forming your judgement pray, consider that I am not any more ambitious to get 7 per cent and that I shall be well satisfied if I can invest my remaining capital in very first top security at 5 per cent net. Pray, excuse me that I trouble you so much, but Mrs Schliemann preaches daily in her letters to me that I should invest every penny into Consols at 3 per cent, which I cannot resolve upon to do, as long as I am in hopes that I can get equally safe funds bearing 5 per cent. Besides at the present St Petersburg exchanges I have to sustain very heavy losses on the remittances.

Please give me also your candid opinion, whether you have the conviction that you would at any time be able to sell part of my Cuban obligations, in case I might wish to realize for instance 10 per Cent of them and to buy for the proceeds other funds? what would be obtainable now

Dear Sirs!

I am in receipt of your esteemed favor of 9th inst. contai
ning a letter of introduction to Messrs. L. Behrens & Co. of Paris
for which please accept my warmest thanks. I shall probably
not require their services as I have obtained a credit on Tunis for £ 1000 and
have drawn on said Gentlemen a credit at sight for £ 500 which
remains for £ 500 from Messrs. A. Hollenger & Co, because I have
been met there latter so much with various enquiries that they
would feel offended if I should take a Credit from them; besides
they hold at £ 500 — remainder for Interest & Discount on my Tunis-
ian bonds. The marvellous quotation of these latter has descended
to 415, and dividend, but I have no doubt that it will rally as
soon as tranquillity is restored. For the abt £ 7000 now you still
hold and for the money I have still at St. Petersburg, and of which
abt £ 2500 will be remitted to you on the 15th May (after the 15th

and perhaps some more Egyptian 7 . in case I gain the
conviction during my stay in Egypt that the finances of this country
are in a most flourishing condition and that its funds are quite
unobjectionable security. I communicated this my intention to our
mutual friend Mr. Robert Robinson, who writes me today that he
has no confidence whatever in any of those funds, that it would
be most easy to buy them but that I would find it utterly
impossible to resell them even with a sacrifice if sooner or
later I might require the capital; he gives me as a proof thereof
that he bought some years ago Dkg 40m Gothenburgs Hypotheken
which were recommended to him at Hamburgh as an investment

In case you might not approve of my taking such large amts of the South American funds I should like to know something of Dutch funds, which I consider decent to move in solidity. Say therefore if you can me what the indebtedness of Holland amounts to, can be it is true that the country gradually but steadily increases its debt? How is the amortization on the Dutch 2½ ct? how on the 4 pct? the former are quoted at from 63 to 65; the latter at 99 to 101; can you buy at the lower rates or how? Is there any advantage if I buy Dutch funds at Amsterdam or can I buy them just as well at London? I am exceedingly sorry that I give you so much trouble by all my questions, but I promise that this is the last time I trouble you on the subject.

I should like to give you my instructions regarding the money that will be remitted to you from Petersburg before I go to the Indies. I shall most surely consider the information you give me and if not sooner, I shall at all events give you my orders from Egypt.

I read in the Times that by order of the Queen Agnes Empress & Millions of paper money will be destroyed monthly and that this order had not been followed up for the last 7 mths, and that in consequence of this omission the rate of exchg were expected to rise continually. I do not understand this, by sources have to submit it to your appreciation.

Please send me henceforward only your prices of funds wanted in your letter when you have to write me.

On your invoice 1/2 per pounder at 92 pct net divided and not common brokerage? I credit you for the 1/8 pct 15th inst. I enclose herewith my acceptance of Messrs. Hamburger for 1000 Rbl. Ma dernière du 11 est croisée avec vos estimés lettres du 27 et 30 passé et je vous remercie beaucoup pour les renseignements que vous avez bien voulu me fournir. Messrs J. Hy & Co m'assurent qu'ils peuvent toujours se vendre aux côtés de la Cours quelque parité que ce soit de fonds Prussiens, qui sont très recherchés à présent à 102⅛ et ce taux élevé soit la meilleure preuve de la grande confiance qu'on a en Angleterre dans ces fonds. Mais pour vous prouver combien je sais estimer vos bons conseils je me suis décidé de placer le reste de mon argent en obligations de 5% hypothèque sur les meilleurs chemins de fer en France et je ne place rien net. tre dans les fonds d'outre-mer. Les actions du chemin de la Méditerranée, dont le prix primitif est 500 fr. sont cotées à Paris 940 fr et ainsi je crois qu'il n'y a pas un centre de risque pour moi si par exemple j'achète les obligations [illegible] hypothèque de ce chemin, qui me donnent au taux actuel de fr. 510 pour les fr 500 à 5% 4½ à 4¾% d'intérêts par an. Peut être je prendrai aussi £10m de l'emprunt Suédois à 4½% (qui vient d'être negotié par J. Hy & Co) si vous l'approuvez, par ce que la Suède a toujours un surplus considérable dans son budget.

Je suis très contrarié de voir la tendance continuelle de nos cours de Change à la baisse.

My dear friend!

On my arrival here today I find a letter from my wife, who encloses your kind favor of 29th ult. addressed to my name in St Petersburg. I greatly rejoice to see that you have become United States Consul and that you are progressing fast; but I have never doubted of your success, because a man endowed with your energy, with your iron will and the steadiness of your capacious mind is bound to go ahead and to prosper in every country in the world. It gave me great delight to receive your and your good Lady's photographs, which shall accompany me in my travels and will be my talisman in the hours of danger. To my greatest regret I am for the moment unable to fulfil the request you make me, because I have altogether withdrawn from mercantile pursuits and invested all my funds in England, Cuba, Egypt and Turkish I have in the latter country 225 Jon'rs, and I am going there to-morrow morning by the express-train via Paris and Genoa in order to see whether my money is in danger on account of the revolution. From Turkey I intend to proceed by way of Egypt to East India, China, Japan and South America and I shall probably not return to Europe for some years, because I have an immense desire to see the world. I enclose you my photograph, hoping to see the world. I enclose you my photograph, hoping to see a dear

Cher Monsieur Goschalk!

Je viens de recevoir vos chères lignes d'hier et je suis au comble de joie de voir le chagrin énorme qui s'est opéré dans votre écriture et qui me fournit la preuve que votre main ne tremble plus. Je partirai Dieu D. mercredi matin et j'espère être chez vous lundi matin pour vous dire bon jour. Je tacherai alors aussi de voir Monsieur Schoene, prier le dame de ne plus m'écrire à Aix la Chapelle, par ce que sa lettre ne me trouverait plus ici; mais écrire à lui que je lui saurais gré s'il voulait prendre les engagements indiqués dans ma lettre à vous les règlements. J'achèterai certainement les obligations du chemin de la méditerranée etc, mais je ne suis jetes aussi pressé d'y mettre à la fois une grande somme, par ce que J. H. Schröder & C. de Londres m'ont écrit hier qu'ils consentent à me payer 6% d'intérêts aussi longtemps que l'escompte reste à 7% ou au dessous.

J'ai déjà mes banquiers à Paris et les sommes m'ont envoyé — sans que je les en aie demandé — une telle lettre pour E. Erlanger & Co que je suis obligé de faire leur connaissance. Le Monsieur Gibert regrette de ne voir retiré [illegible] j'ai d'importantes raisons de regretter que mon beau-frère de commerce ne met dans l'impossibilité de donner des ordres au lieu sier, par ce qu'il avait la main heureuse pour moi et toutes les opérations que j'ai faites avec lui ont bien réussies et souvent j'ai eu des [illegible] gnes résultats; ainsi ce n'est pas par bienveillance de la part qu'il a eu mes ordres, mais par intérêt et amitié [illegible] nous passerons la soirée ensemble. En revoir lundi, pour tout

Messrs J. Hy Schröder & C

Dear Sirs!

Confirming my respects of 13th inst. I beg leave to inform you, that I intend to leave on Sunday 22d inst for Paris and to proceed thence on Wednesday morning to Marseilles to take the steamer of Friday 27th inst for Tunis. Please address me your kind letters until Monday evening care of Messrs A. Kellberger & Co of Paris and afterwards to Messrs E. Conrad & Co of Marseilles, who will send them on to Tunis.

Respecting my unfortunate Tea I already gave you my instructions and herewith repeat, that if you have sold in addition of the flowery Pekoe at or above 8d and of the Souchong at or above 9 3/4d, then please sell the whole remainder also by public competition without reserve. If however you have sold below these prices, then pray, offer out privately the flowery Pekoe at 8d and the Souchong at 9 3/4d and I have not the slightest doubt that you will be able to realize promptly at these ruinously low rates. If you can obtain more I shall feel greatly obliged.

Old friends in Paris recommend as placements de père de famille the 3per obligations of the North of France Railway quoted in the London-Times at 11 3/4 to 12 1/4 p. 20f and the 3per obligations of the Paris, Lyon and Mediterranean R.R. quoted in the same paper at 11 1/4 to 12 p. 20f. If you consider these obligations a very safe security I should thank you to write me to Paris how these papers might be bought now at London and at what exchange the francs are being reckoned into £, because it appears by your quotations that these obligations are cheaper with you than at Paris.

I remain
Messrs A. Kellberger & Co have nothing to draw on you for what I take here on their Letter of Credit; most likely they will also have nothing to draw on you for what money I take at Tunis, because they hold some Cash from me. But to provide for all contingencies I beg you will consider them accredited for Five Hundred pounds Sterling, but only against my receipts

Dear Sirs,
yours very truly

Carissimo amico!

L'altro ieri ricevetti la gentilissima vostra delli 10 cor. nella quale mi invitate di volere a Bologna prima d'andare a Tunisi, e già fui fermamente risoluto di farlo, perchè le notizie da questo paese erano più tranquille e non avevo più paura dei miei Arnauti. Ma ier sera fu pubblicato nel giornale di Bologna la lettera d'un dottore tedesco stabilito da molti anni in Tunisi, che pinge la rivoluzione, la stangrazione del governo, lo stato delle finanze e la miseria generale con tali colori che la vapore che parte li 27 cor. da Marsiglia per Tunisi, perchè spero volere abbre- viare i miei soggiorni di Tunisi li 2 o 3 in più ancora con una perdita di 10 piccole e se ritardo il viaggio alcune settimane dovrò perdere forse tutta la stagione. Il viaggio à Bologna e un soggiorno colà di 2 giorni ritarderebbe il mio arrivo in Tunisi di 2 settimane di più che non posso fare nulla in Bologna in 2 giorni. Ho comprato alcune volte per 3 migliori franchi d'Indaco in un giorno, perchè conosceva la mercanzia, ma non conosco i terreni e perciò non posso comprare che dopo lungo esame e meditazione e dopo aver preso vari luoghi mille informazioni. Di ritorno da Tunisi verrò à Bologna e se allora la proprietà che di vende mi piace, mi tratterrò tutto il tempo che bisogno per ottenere la convinzione prima d'intera che non mi pentirò mai d'aver fatto il acquisto d'una proprietà, che di poco comprare con facilità, ma che non si può vendere che con gra- de difficoltà. Mi fareste un gran piacere se voleste avere l'estrema amabilità di pregare il Signore venditore di darvi per me una descrizione della proprietà e di mandarmela.

La rimando da voi indirizzata ed anzi il doppio è sempre à mia dispo-

of the millions, besides many millions of slaves, whose lifes were considered as nothing. 300 workmen were then constantly employed in digging, dressing and walling, and an equal number in making bricks and conveying them to the works, & thus by means of the men who perished, the king completed in 20 years the Canal, which brought the waters of the Nile from Bubastis to the Red Sea at Suez, which point where the Nile does not flow, which was large enough for 3 men of war to pass abreast and which was for upwards of 1600 years open to the trade of the world.

If you can get 10 or 15 shares in Paris for below par 3 years you will do the best speculation a merchant ever did, because even in a far distant period the export of the productions from China will be immense. Even at the end of the present year the shares will be worth twice as much as they are now, because the Company are now discharging hundreds of their "employés" on the isthmus, for whom they have no employment with a 3 months' pay in advance; all these employés, with the exception of a few who remain at Alexandria and instituted a lawsuit against the Company, return highly discontented to France, because the majority lost their employment at home and accepted the engagement of the Company with brilliant prospects and fervent hopes, and certainly all of them will raise in a loud voice proclaims in France the truth and even exaggerated truth. Cristini amici!

Ricevuta la lettera di Londra che mi avete mandata mi affrettai ieri e vi ringrazio molto per la vostra amicizia. Mi dispiace di dover dirvi che le mie ferite non guariscono così presto come avevo sperato e sarà d'uopo che rimanga qui fino a tutto il Mese di Maggio. Con grandissima gioia profitterei della vostra amabile invito di godere una settimana della vostra ospitalità in campagna; ma amici, sono rincrescevolmente costretto a declinare il piacere di farvi visita, perchè la cattiva gamba ammalata è così sensibile che fino adesso non posso ancora mettere il piede senza dolori e gonfiori; troppo neppure mettere nessuna cataplasma sulla gamba; le unai la sera dopo la partenza di voi, Carlo, e ricevetti immediatamente nel capo piede una infiammazione che mi fa molto male e che le acque non hanno ancora riuscito di salvare e di far sparire. Il professore Paulini dice che una settimana di bagni di mare vendrà a la gamba la forza anteriore, ma vorrei rimanere 2 settimane nei bagni per essere più sicuro di non avere ricadute. Così che spero i bagni à la Spezzia. Il giorno della mia partenza mi pregherò di mandarvi la mia grande valigia, perchè ho troppo bagaglio; anche le coperte del paletot d'inverno vi prego. Vi scrivero i giorni prima di partire, fin'allora spero indirizzarmi à la Spezzia le lettere che potreste ricevere. Tosto che vengo à Bologna andrò a chiamare vostra Signorina del Sig Grabyanki.

Werther Herr Bassek!

Empfangen Sie meinen herzlichsten Dank für Ihr beehrtes interessantes Schreiben vom 30ten Juni, das mir soeben von Egypten zugeschickt wurde. Ihre freundliche Absicht in der 2ten Linie mich auf Ihrer viel Stück à Campagne bei Ihnen Logis zu nehmen, ist sehr schmeichelhaft für mich, da Sie selbe so glücklich sind, und Sie mir Empfehlungen und Aufmerksamkeiten selbst wenn sie ganz à gratis ist Betreff machten.

Seit meinem 2ten Hier von Cairo schrieb ich Ihnen einen langen Brief, in welchem ich Ihnen ausführlich meine 7 Wochen in Egypten gemachten Erfahrungen mittheilte. Trotz der gräßlichen Hitze hatte ich vor meiner Abreise von Egypten noch den Suez-Canal in seiner gegenwärtigen Lage in Augenschein genommen, und mich überzeugt: daß die Vollendung desselben möglich sein würde, wenn die Compagnie (anstatt der jetzigen 284 millionen frcs) 2000 millionen frcs und (anstatt der jetzigen 250 Arbeiter) beständig 50 tausend Arbeiter hätte, und mit solch colossalen Kräften glaube ich nicht daß das große Werk in weniger als 20 Jahren vollendet werden könne, während jetzo Lesseps & mit der Compagnie für Gebot stehenden geringen Mitteln & wenigen Arbeitern in 3 Jahren zu beenden versprich.

Ich hoffe, Gott Lob, ganz wieder hergestellt & genug Lebenskraft in mir zu haben, um den Winter zu Florenz zu überstehen. Ich beabsichte Ende Mayl & spätestens Anfangs Juni auf 3 Monate in meine liebe Heimath zu meinen Lieben zurückzukehren.

Bitte recht sehr mich Ihrem gütigen Wohlwollen bestens empfehlen, und mit Ihrer interessanten Mittheilungen zu erfreuen & Ihr Wohlwollen meiner freundschaftlichen Ergebenheit versichert

J. H. Schröder & Co of London all the money Mr Fehleisen remitted in July and some which was there before and I should like to invest it. If we do not find it advisable that I should come to Egypt, then I shall at least buy a good deal more of the 7 per Loan, of which I hold as yet only 10 pr£ and I shall most likely take also 5 pr£ of the 8 per Halim pasha-loan. I should rejoice if I could buy these loans through you equally cheap as at London; then, pray, inform me in this respect and tell me also when you think it the best period for purchasing for I think you mentioned to me Egypt would regulate this autumn a large new loan! Please tell me also regarding the Halim-pasha loan whether you think same quite undoubted security? and whether you would take of it on my place up to £5m? further, pray, explain to me where this loan was negotiated? and how it is obtainable with you? and how is the calculation? because I have never had to do with Egypt.

Leghorn 28 August 1864.

My dear Mr Forssmann!

In expressing once more to you and to your good Lady my warmest thanks for the great kindness and polite attentions shown me in my miserable state of health in Egypt, I have now much pleasure in informing you, that by employing the water-cure at La Porretta in the Great Apennines, near Bologna for 18 days I have quite recovered and am now again as strong as my legs as ever. I have taken, after the cure at La Porretta, the baths at La Spezia and here at Leghorn and am now going to my friends Zoppi at Bologna, with whom I shall stay for a couple of weeks. Next Feby I shall afterwards visit only for a few days Rome and Naples and hurry then to Petersburg, because things have taken there an unexpected and decided turn to universal ruin. In the letters you kindly sent me to Bologna Mr Count Fredriksen informed me that he had remitted for me to London at £25 pr as from 32 1/8 to 7/8 and yesterday he wrote me that he had remitted for me at 31 3/16 and that the exchanges were fast going down so that he hardly hoped to remit 30 d pr the money to be expected for me from the Wilhelmsen's. I also wished by this boat and telegraphed to stop remitting until further orders. In spite of my great unwillingness to invest any money as all in Russia I think it would after all be the wisest plan to buy for the entire amount I have still left at St Petersburg, Roubles [illegible] that capital for the time being at 70 Cop the rouble as the Rate of 100 Cop. whereas Exchange the many 100 Roubles I now only get 70 Cop pr St and, when the money is ready to be remitted I shall not get 75 Cop and of the Public Loans. The entire failure of the crops and the great growing distress of the ryots, peasants will soon cause the rate of Exchange to break to 25 d pr St. Last year by this time it was already many voyageurs of business men at the expense of the government, I mean up to 28 d pr St.

Unfortunately my continual sickness prevented me from visiting the Egypt, as I intended to do, with your letters of recommendation. I am almost sure that, had I been in good health, I would have found indeed to lay out large amounts of money in the way we loaned the £550 at 3 1/2 pr cent, and in that case I could certainly afford to order my money in St Pg being remitted at that price. Pray think of this and tell me your opinion by turn of steamer via Trieste to the usual care of Messrs Stolle & Co of Leghorn; I shall not have [illegible] before I receive your answer. I might return at once to Egypt if you advise me to do it; but I think peace is near at hand in America and peace there will at once exercise a great effect on Egyptian affairs. Do you think the fellah will be able to pay if he gets 100 pcs less for his Cotton? At all events I have more with the

Leghorn 28 Augst 1864

Messrs J. H. Schröder & C.

London

Dear Sirs!

I wrote you last on the 21st inst.

Mr Conrad Fehlbiesen of St Petersburg informs me under date of 20th inst that he remitted to you £1000 — p/9 Rouble costing 31 3/16d p. St, and, with my order in hand to remit as soon as money comes in, he will no doubt have sent you at £1500 more last week at still more miserable rates of exchange.

For the last 2 years I have repeatedly told you that by what was going on, I felt assured the exchge would ultimately fall below 25d p St, but I certainly I did not think the catastrophe would come so soon. I have still large amounts outstanding in Russia and see in this month, in Septr, Octr and later, and do not know whether I had better order the money to be remitted à tout prix whenever it comes in or to wait with further remittances for more prosperous times. In this dilemma I telegraphed yesterday to Mr Fehlbiesen not to remit any more until further order, and I beg you will kindly give me your opinion by return of post what you advise me to do. On each £1000 I lose now £1500 against the exchange of 32 at which I remitted to you last year by this time, but the latter was merely called forth by the mad operations of crazy men and is therefore abnormal. Pray, inform me what circumstances have produced the present enormous fall of the exchge? is it to be attributed to the failure of the grain-crop or to the progressing decadence of the respective finances on which latter topic we so often conversed together? Do you think it possible the exchge may again rally to 32d this year? I do not know whether I had not better buying houses in St Petersburg, which I pay with 100 p. or St, while I have to remit now the latter at the rate of 80 to get 100 in London.

In expectation of your kind informations I remain, Dear Sirs Yours very truly H Schliemann

Leghorn 29 August 1864.

My dear Sir and friend!

I wrote you on the 22d inst and received since your esteemed favor of 31st ult full of most exquisitly interesting news for which I tender you my hearty thanks. The destruction of the great Catherinehof Sugarfabric by fire is very much to be regretted and, alas, many will have to suffer by this great misfortune. I sincerely hope and wish that it may speedily be rebuilt, because otherwise Mr Kelly should have everything too much in his own way; most undoubtedly it would be to the universal benefit that it should be rebuilt. I am very sorry for Mr M Prehn — for you that you lose for a time this splendid connexion. Mr Lukhasen's fortune I believe you rate a little, say 50 per, too high.

I am very thankful to you for the information you kindly give me abt the new Bank; but I am too far off to be able to form an accurate judgment of the enterprise; if I had been in St Petersburg I would no doubt have signed for a good amt! Pray, tell me in your next whether you have taken part in the subscription and how the latter closed?

You ask me when I return? well, my dear Sir, I was very nigh to shake hands with you in abt 10 days hence, because when I got 2 days since Mr Fehlbiesen's letter in which he informed having remitted for me at 31 3/16 I resolved to return instantly (after having made a visit of 8 days to my friends Pasi — of your acquaintance — at Bologna) direct to Petersburg either to renew forthwith business or to buy for the money of mine that remained at Petersburg a large fine house. But a letter I received some hours later from Mrs Schliemann destroyed all my plans and now I go on travelling.

Although Mr Fehlbiesen has remitted at least 26m and I think even 28m £ for me at frightfully bad rates, yet I could now draw back this amount from London to Petersburg — at your last quotation — with great advantage. The greater part of my remaining (of which £ 27m were sent at 38 and the rest nearly all at 35) is now long since invested in prime funds, which are saleable at any time and even with profit, except £ 3400 laid out in Turkish securities, which are very safe indeed but only to be sold now with a heavy loss. Thus, whenever I want to renew business I can, at the present exchanges, recall to Petersburg a great many more Rubles than I have sent from Petersburg. Even without renewing business I could do this as a bankoperation whenever you firmly believe that the rates of exchange are going to rise again. Thus I should feel immensely obliged to you if you would kindly give me in each letter your frank opinion abt the rates of exchange.

Believe me to remain with sincere regard

my dear Sir and friend

Yours very truly

Much obliged for your prompt news as to Mr F.'s baronetcy. I congratulated him with this new dignity already in the telegram in which I gave order to stop remitting

Livorno 29 Agosto 1864

Caro amico!

Quest'oggi solamente ricevetti la gentilissima vostra lettera de 10 cor.e che era rimasta 10 giorni alla Spezia ed entrovi arrivata dopo la mia partenza. Vi ringrazio sinceramente per le spiegazioni che mi date sullo stato dei diversi conti; ma sono veramente vergognoso d'aver vene somandato, perche un lavoro immenso avete fatto per farmi piacere. Secondo il vostro calcolo, che io credo perfettamente giusto, penso che abbiamo pienamente 100/m £, perche alle £ 90847.11/9 che notate debbono esser aggiunte inoltre £2000 d'interessi e le 450 obbligazioni di Tunisi che io per Dio, non vendrei anzi a 425, ma che anche à 370, come sono adesso cotate, farebbero £6660. Sono sicurissimo che continueranno l'amortizzare e di pagare gli interessi senza indugio.

Ricevendo ieri l'altro la lettera del S.r de Feltleisen, in che mi informa che il corso cambiale era sceso à 90 io mi risolsi immediatamente di lasciare il resto del lavaro in Russia, di partire immediatamente per Pologna per fare à Papi la promessa visita d'una settimana, perche altrimenti si stizzirebbero, e di ritornare da Pologna direttamente à Pietroburgo, per comprarci pel resto del lavaro una bella casa o per riaprire lo studio pei negozii; in quest'ultimo caso avrei anche immediatamente fatto rivenire da Londra tutto il lavaro che vi avete rimesso a Luglio e ciò che vi si trova in altre. Ma una lettera che ricevetti poche ore dopo dalla Sga Feltleisen distrusse tutti i miei disegni; ma come già avevo telegrafato al Sg.r F. io non più rimettere voglio vedere che cambi avrete alla fine di questo mese prima di decidermi à far ricominciare le rimesse. Per Dio, perché non mi scrivete neppure parola sulla pace da voi stabilitasi? che opinione ne hanno alla borsa? credete che ne prenderanno subito tutte le azioni? Se foss'io stato in Pietroburgo ne avrei forse una da qui mi è impossibile di formarmene un giudizio, l'illustrissimo Budek me ne ha scritto a volte ma non entrò in alcun particolare. Vi anche sulla fabbrica di Stieglitz, dove è stata assicurata? con quanto ecc. ecc. vi sarebbe aggradevole di ricevere qualche notizia. Che chiesta s'è affollata Pietroburgo e dove è situata? ho letto che molte persone vi hanno perito. È un eccellente augurio che l'illustrissimo Sg Feltleisen ha ricevuto il suo diploma di Barone giustamente nel tempo delle vostre nozze, perche questo è un segno veritissimo dal Cielo che diverrete voi Barone e l'illustrissima Sga Gemma Huber Baronessa e che diverrete dieci volte milionarii. Molto mi dispiace che solamente la mia ombra ha potuto assistere alla vostra festa di nozze e che non abbia potuto farla accompagnare dal mio corpo; ma questo altro sarebbe stato strascinato dalla mia venerazione per l'illustrissima Sga Gemma a bevere troppo alla di lei felicità e prosperità. Per Dio, non affrancate le vostre lettere, perche in Italia non si paga il Papa e l'imperatrice solamente così al S.r Feltleisen perché non sappia che Papi pagasse per me. In Africa la multa è di 100 %. Addio state bene; mille felicità; vostro amico Feltleisen. Mi obbligerete se continuerete a scrivermi nella vostra nuova come si portano i miei cari fanciulli perche Sga Feltleisen non mi scriverà più.

Dear Sirs!

I am in receipt of your favours of 29th ult^o & 2^d inst^t and note that you received for me 300 Rio de Janeiros & 100 shares from C. Erlanger & C^o in Paris, who now still hold £ 445 Turkish obligations at your disposal. I note your debit £ 700 p^r 15th June 1^st yearly dividend on the Louisville C^o's £ 350 — " 15th Dec^r do do " Duty on shares £ 1.15.3 and by you will inform me whether you received the amount £ 351.15.3 of the £ 350 — 1^st yearly instalment on 10 p^r Egyptian Loan

I give you herewith an order for £ 5000 — 7 p^r t^t Egyptian Loan of 1^st or 2^d issue, but by preference of the former, at 98 p^r c^t and dividend from 1^st inst^t and leave the order in force until end Sept^br. If any thing is known as to the new Egyptian loan which is to come forth, then please leave this order unexecuted until further instructions.

Is the 8 p^r t Halim pasha (brother to the Viceroy) loan now with your House or at Paris and how can it be had? This loan seems perfectly safe since it is secured by Halim pasha's vast domains and I may perhaps take a couple of 1000 Louis d'or. It is quoted at Alexandria 95 3/4 p^r £.

By what you write it appears that drafts from London are more profitable than remittances from Petersburg; but I have lost so much money on the exchange that I prefer waiting now a little.

If it is no secret please answer my question of 28 ult^o as to the grain-crop failed this year in Russia?

My dear Sir

I have just received your letter of the 3d inst. and am extremely sorry to find that you have been so much disappointed in the Commercial Treaty. I did my utmost during the whole negotiation to have it concluded to your wishes, but I found insuperable difficulties in the way. I have however, by the last courier, written very strongly upon the subject, and I hope that I shall succeed in obtaining additional concessions.

I should thank you to give me some more particulars about Mr Bell's business. I suppose he is in consideration of the loss he has sustained by the capture of the Ship in which he was coming out to Naples. Pray tell me also where the scene of the affair was, and of what sort they are?

Please inform me also how it is to be understood that your loan is negotiated for 15 years? I guess it means that the contractor has to deliver from 1 to 15 years the whole loan in Sterling, so that the payments take place annually at 7½ per. C. It all comes then to the same thing as if the loan was negotiated for 7½ per. C. for 15 years. I am glad to find that you are in high spirits, I assure you I am in the best humour in the world, and I think to give you another toast to drink when we meet. Remember a promise you made me at Vienna, to drink to the health of the first child born in Naples after your arrival. I remain with sincere regard

I am glad to learn that you have sold the Mercury, and I hope that you will be able to make a profit on the transaction. I am sorry that the change in the rate of exchange has not been more favorable to you, but I hope that you will not lose much by the transaction. Dear Sirs,

I am in receipt of your esteemed favour of 26th ult. and have got £821.7.9 [illegible] which I have duly carried to your Comm.t Debit as per advice enclosed. I paid this for £41.14.9 [illegible] Messrs [illegible] on account of Gl. Comarolo and also for £40 as [illegible] to your King.m Bank. Rolf & Naples.

I now have dr5000 - Type Egyptian Bank consist of £1800 1st & £3200 2d [illegible] regarding the winding funds of loan [illegible]. The Egyptian loans guaranteed by the Delta revenues are forfeited [illegible] instead of 2 million has [illegible] of what is going on now in the Commercial [illegible] of making any further investment.

I had some suspicion that the rate of Exchange at St Petersburg would undergo a further depreciation after the [illegible] and therefore on the 6th ult. from Naples to St Petersburg if he could make above 31 p 100. The rate appears to have arrived by the day the [illegible] that the cruiser had reached on the 9th inst. 29 7/8 [illegible] cost above 30 p 100. It is painful to submit [illegible] on the other hand there is I think more chance [illegible] to 35 p 100 can not it [illegible] of the rapt currency will keep pace with the increasing [illegible] cause the latter induces the Russian people to travel abroad [illegible] reckon that only [illegible] Russians travel abroad [illegible] that each spends only the petty sum of 50 francs annually [illegible] at the enormous figure of 500 millions [illegible] annually withdrawn from the country solely by travellers [illegible] the journey of the imperial family will cost more than [illegible]

Dear Sirs,

I am in receipt of your esteemed lines of yesterday. The telegram mentioned therein I never received, please therefore claim the charge back from the telegraph-office, our telegraph office has never received no telegrams for me. As to Fabbricini I have ceased to pay to remit some funds even at 30 p 100 if he has no reason to expect higher rates before the end of the year.

I am much obliged for your kind expressions and would come over [illegible] but I have [illegible] I have in the care of a hospital I mean in the cot. If you have a celebrated specialist for such sickness as London I should like to come over to consult him; otherwise I might [illegible] the advice of Mr Nelaton [illegible] to be the first surgeon in the world; - but he is no specialist.

J'ai l'honneur de vous écrire le 14 cr et j'ai cependant sous les yeux votre très estimée lettre du 9 cr qui vient de me parvenir de Naples.

J'ai appris ici à la bourse que Londres était coté chez vous Rbl. belle livres le 31 ½ à 29 ½ ce que votre digne associé le Baron de Stieglitz était parti pour Amsterdam pour essayer de négocier un nouvel emprunt pour compte du gouvernement, et bien que j'aie de la peine à croire qu'il puisse y réussir vous les fâcheuses circonstances actuelles, je ne dois néanmoins pas encourager à vous télégraphier [illegible] 31 cm. fallu Grande confusion [illegible] vous réfléchir Rentrée, ce que je confirme.

Le trafic a augmenté ici en France d'une manière incroyable, merveilleuse, inouie. Pour vous en donner une petite idée je vous dis que les actions du Chemin de fer du Nord de 500 fr. que j'achetai ici au Mois dernier à 990 fr, me donnent aux ce dernier jour 7½ %. de dividende et j'espère de retirer encore davantage les actions du Chemin de la Méditerranée que j'achetai à 380 fr. Il n'y a pas un seul chemin en France qui ne laisse d'énormes bénéfices aux actionaires. Les merveilles que Napoléon a créés ici et qu'il continue à créer attirent les étrangers. Il y a 14 ans M. Prince, propriétaire de l'hôtel des Princes, le seul hôtel décent où on pouvait s'arrêter, se plaignait encore avec une très vaste établissement, qui contenait 90 numéros de chambres, avoir [illegible] faute de voyageurs. Depuis lors de centaines d'hôtels beaucoup plus vastes que l'hôtel des Princes, ont été établis; entre autres l'hôtel du Louvre avec 800 et le Grand Hôtel avec 900 numéros et, oh merveille des merveilles! tous les hôtels sont toujours comble. Si la dette publique et les dettes particulières des villes en France ont considérablement augmenté par suite de la création de grands ouvrages tout le génie du grand homme fait éclore les plans, cette augmentation est bien minime en comparaison avec l'énorme [illegible]

Dear Sirs!

I beg to confirm to all particulars my telegram of to-day.

I have written to Messrs. N. Gellatly & Co Paris to send on £ 2000 — out of the £ 3000 they are going to remit on my Junior obligations, and to credit the next to you. But to provide for the case that they might not receive any thing on said Junior Bonds, I have granted them to replace an assignment I have on yours for £ 1000 —, which they have to collect for me and which is long overdue. I am confident they will succeed in finding the Junior obligations. But in case you perceive that £ 2000 will not suffice to bring me to Calcutta, and if therefore you do not want me to Rotterdam which I can also get some money at Hamburg in Egypt, then pray send me immediately per Post Office Register to Vienna £ 100 to the Austrian Consul Hoff in the name of the Baron of Englund.

I hardly think I need to add that in case I purchase bags at Calcutta you will be covered for your acceptances long before they fall due.

Pray, let me have your views of the situation for Singapore, Batavia and China as far as you have friends there.

Dear Sirs,

Dear Sirs!

Confirming my express of the 31st ult. I have to acknowledge the receipt of your esteemed favour of the 27th ult, for which please accept my sincere thanks. [illegible] the Austrian Steam-navigation company's Credit [illegible] was merely owing to the impression they had that no deposit would be required and that I could get money at any little place in the East on such credit. But your kind explanations make me of course quite glad to have no dealings with that [illegible] and I trust you have been kind enough to forward the necessary to Vienna as I [illegible] in my letter from the 31st ult. Egypt is [illegible] credit for the £100 in Coupons as [illegible] Five years of interest for the [illegible] will more than [illegible].

Pray inform me when the £1000 you received and credited me per 1st inst. at 30 days sight, have been drawn?

Mr Ernst Schröder informed me to-day that he had drawn on you for £2000 at sight, for which he has got the rate of 30 1/2 p% Of course, before the receipt of your quotation on St Petersburg it would have been my duty to remit the money from London than to remit it to St Petersburg. But I thought that with a Bank-Director the [illegible] would be more pleased with 3 mths sight. Besides, the [illegible] of last spring to realise an interest of [illegible] as long as the latter is at or above [illegible] the difference for the exchge on £22/m. remitted or drawn, is amply covering it. I have to Schröders orders to remit all my money [illegible] at the exchge rather to something like 32 [illegible] at any rate at Hamb at abt 8 M p£ 3 pr for holding part of the [illegible] in Thalers. Thus, if you do not get my money back from Petersburg sooner or later Exchges you will get it with usury back several times a year on my [illegible] to Petersburg every summer when I [illegible]

Dear Sirs!

On my arrival here today I found your much esteemed favor of 3d inst with a general letter of Credit and letters of introduction to Macao, Hongkong, Shanghai & Batavia as well as a clean letter of Credit addressed to me for the cost of 500 ℔ Indigo, for all of which please accept my warmest thanks. But, Gentlemen, if I wrote you that I need no letter of introduction to Calcutta, I certainly need also a Credit for my travelling expenses, it might be besides that I find prices of Indigo so exorbitantly high and the quality so good that I feel inducement to ship to you 100 ℔ Indigo (in no case more) instead of 50
Would you therefore be so exceedingly kind as to send me on receipt hereof care of Shene Hilken & Co of Calcutta, all the same on what, such a letter on Calcutta I can get some money for my travelling expenses and by which I am authorized to value on your goodselves my shipping documents for 50 ℔ Calcutta Indigo more? Pray, direct your letter via Marseilles and send me by the same way and not any more to Trieste and in any letter that may drop in with you for me after receipt of the present.
From China I shall not be able to make you consignments, for my friends at St Petersburg took last year 75 ℔ on their imports of Tea from that country and I shall have imported also and sustained the same loss for you do not remain on the Line of
