

# Loring Hall Naming Opportunities

Loring Hall is the intellectual and residential heart of the American School. Students and scholars from throughout North America gather in common spaces for meals, tea, coffee, ouzo, and holiday celebrations. Nowhere else in the world is there such a critical mass of enthusiastic students and scholars who are actively engaged with the material evidence of Greek culture. For questions, or to discuss additional naming opportunities that are available, please contact our Development Office at 609-683-0800.
