Indications in the upper right corners classify handle and/or stamp, distinguishing 1) place or origin when known - T(hasos), R(hodes) K(nidos), etc.; 2) type of stamped vessel if not an amphora; 3) language if not Greek; 4) shape of stamp if not a plain (unframed) rectangle; retrograde inscription (indicated by an arrow). Inventory numbers and any other documentation go to the left, any descriptive comment to the right, dimensions unless otherwise specified being width by thickness of handle where stamped. Numbers in the middle are negative numbers.
