RHODES ; ORIGINALS (NOT MI SERIES)

18.IX.70

Dear Donald,

I have been again in the U.S. during the summer, on 11 weeks this time, and am back Sept. 4 to find your city of David publication. Your work on this material has been on my mind, as something to help more with, if possible. Various versions stayed out for attention. Now we find your final readings remarkably good, as Andreas gets them gradually ~~filed~~ entered in our files, with ~~this~~ publication references to your book. The illustrations also are

14. IX. 57 Sequence numbers being added to the record (lower left corner) for easier reference after cards have been cut. These are not numbers of handles. 3.03

Indications in the upper right corners olassify handle and/or stamp, distinguishing 1) place of origin when known - T(hasos), R(hodes), K(nidos), etc.; 2) type of stamped vessel if not an amphora; 3) language if not Greek: 4) shape of stamp if not a plain (unframed) rectangle; retrograde inscription (indicated by an arrow). Inventory numbers and any other documentation go to the left, any descriptive comment to the right, dimensions unless otherwise specified being width by thickness of handle where stamped. Numbers in the middle are negative numbers. 15. VIII. 57 From rubbings of handles in Rhodes which we did not number.
